

Message from Commissioner's Desk

Dear Colleagues,

I hope the coming year will bring you and your family great happiness, joy and above all fulfillment of all dreams and desires. I wish you and your family all the best for the New Year – 2013.

Looking back on the year gone by I can say with confidence that there are a lot of things which happened in the past year which have done us and the organization proud. The results achieved by KVS have been one of the best and our students have excelled and brought glory to the KVS in other activities also. All this has been possible because of the hard work, dedication and the commitment of our teachers, Principals and other members of the KVS family.

KVS also saw one of the biggest expansion in terms of increase in number of Regional Offices. We hope to consolidate and make sure that the benefits of this re-organization are felt by all the stakeholders in the KVS.

It is not to say that there have been no challenges – implementation of Right to Education Act and the Continuous and Comprehensive Evaluation while maintaining the quality of education has been the biggest challenge. The New Year will also bring with it new challenges but I am sure that with the dedicated and sincere team with us, we will be able to successfully overcome all the challenges and keep the KVS's flag flying high. Our greatest asset has been the members of KVS family i.e. teachers and other staff members and we are extremely proud of them. I wish them all success in the year to come and hope that the New Year – 2013 will be full of achievements for them.

In the end, I would like to express my personal thanks to you for your commitment and support to the organization.

My best wishes once again to you and your family for the New Year.

Thanking you,

Avinash Dikshit
Commissioner
